

JULY 2010

COLUMBIA CAMERA CLUB QUICKIE

MEETING MONTHLY THE 1ST TUESDAY AT 7:00PM AT THE CAPITAL SENIOR CENTER
www.columbiacameraclub.com

The 1st Tuesday, July 6th, meeting will feature our *Cesar Palacio* in a hands-on, step-by-step tutorial on the technique of *creating in Photoshop a border for your photograph* utilizing unique elements contained in the photograph itself, producing a border that is seamlessly blended with the the image, color and tones of the target photograph. He will also leap over a tall buidling at an incredible speeding-train pace!

The Show'n'Tell theme is "Heat!" This would be an good meeting to which to invite a photographic friend!

**Bring ONE or TWO enlargements for an informal critique
by early arriving members at 6:30 p.m.**

A number limit is more focused and allows more members to receive comments.

Some members meet for a pre-meeting snack at Yesterday's in Five Points at 5:30 p.m.

FUTURE SHOW'N'TELL THEMES 2010 [Up to 7 images per member]

Bring on a flash drive or CD, files no larger than 1024 x 768 pixels.

July=Heat • August=Celebrate • October=Colorful

SEPTEMBER 2010: "ANYTHING GOES" PRINT CONTEST

Two prints per member. Minimum requirements: An 8x10 print mounted on a stiff board. Prints may be any size larger and may be matted and/or framed. Get ready for State Fair(?). Please, no previously displayed images or previous contest entries. No added text or titles.

NOVEMBER 2010: PROJECTED IMAGE CONTEST ON "LIQUID"

Three images per member. Theme is the ultimate judging criteria. Digital files should not be larger than 1024 x 768 pixels @72ppi. Bring on flash drive or CD. Please, no previously displayed images or previous contest entries. No added text or titles.

The Liquidity of Life

Life flows through living things

Always in liquid motion

Ever turbulent, never placid

Fluid through cycles of the living

from egg to organism

from seed to fruit

from tiny to great

from youth to maturity

from brevity to length of days

from innocence to wisdom

from appearance to departure

We recognize life's presence

We cannot miss its absence

Yet we cannot define its essence.

Reproduction is a drenched word

For life's miraculous mission.

No small wonder that we wonder

Over thoughts too wonderful for us.

Photopoetics
